I. **Our objectives 2021-2024**

BFUG Working Group on Social Dimension 2021-2024

We are developing methods that should help public authorities implementing Principles and Guidelines for Social Dimension

**Principles and
Guidelines to
Strengthen the
Social Dimension
of Higher
Education in the
EHEA**

We need to materialize the new definition of the social dimension!

- **Definition:** composition of the student body entering, participating in and completing higher education at all levels should **correspond to the heterogeneous social profile of society** at large

Starting point:
definition in
the 2007
London
Communique

New:
fosters
equity

- **New enlarged definition:** the social dimension encompasses the **creation of an inclusive environment** in higher education that fosters **equity** and **diversity** and is responsive to the **needs of local communities**

New: responsive
to the needs of
local
communities

New:
fosters
diversity

- **New:** integrate the principles into the core higher education mission: learning and teaching, research, innovation, knowledge exchange and outreach

- **New:** integrate the principles into the core higher education mission: institutional governance and management, policies for empowering students and staff

We need to develop a framework for the implementation of the Principles and Guidelines!

Specific objectives for our BFUG WG on SD 2021-24:

- 1) Organizing **peer support activities** for social dimension to support the implementation of the Principles among the EHEA members
- 2) Defining **indicators and benchmarks** for the Principles
- 3) Developing a **system of monitoring the implementation** of the Principles

Higher education systems should **define the purpose and goals of collecting certain types of data**, taking into account the particularities of the national legal frameworks”)*

- **Eurostudent**

- Subgroup 2 > coordinator Martina Darmanin (ESU) > 11 members
- Subgroup 3 > coordinator Nino Schmidt (Croatia) > 11 members

Subgroups goals:

1. Propose indicators for each Principle for social dimension

> PHASE 1: February-September 2022

2. Propose monitoring mechanism for each Principle for social dimension

> PHASE 2: October-December 2022

Conclusions of the Malta meeting

- Dominant **approach to indicators** > in the form of statements which signal that a principle is operationalized through SMART (specific, measurable, achievable, relevant, time-bound) activities:
 - Revision and regrouping > into main indicators and subindicators > now we have 4-5 main indicators + each indicator has a set of subindicators
 - We have used and incorporated Eurydice's indicators (primarily as main indicators)
 - We have marked Eurydice's indicators
 - WG SD list of indicators is more comprehensive than the Eurydice's list, but encompasses almost all Eurydice-indicators

Conclusions of the Malta meeting

- Indicators > statements // system of monitoring = questions
 - Monitoring could be implemented through the Bologna Implementation Report, through the Eurydices's questionnaire on fostering equity and inclusion and through national quality assurance agencies
- We should create explanation/toolbox/'preambula' on how to use indicators and system of monitoring
 - Importance of visualizations of final outputs > importance of being user friendly ('traffic light approach')
 - Consider having on-line version of the toolbox

Conclusions of the Hague meeting

- **New Erasmus+ project:**

- present the project at the meeting in Brussels and inform WG members on the main activities of the project

- **Establish cooperation with ENQA and EQAR:**

- if the ESGs are revised, propose to include statements related to social dimension enhancement

- **Organize one more round of internal WG SD consultation on indicators and create a new version of indicators for social dimension principles:**

- A new version of the indicators should be confirmed in Brussels, prior to being submitted to the WG on Monitoring for the 2024 Bologna Implementation Report

Summary

- **June and August 2022:** Received feedback of WG-members after the meeting in the Hague
- **September 2022:** Created a new version of social dimension indicators for each principle after the meeting in the Hague
- **29-30 September 2022 in Brussels:** We will be working in the plenary format today and tomorrow on improving the current version of the indicators
